

MUSIC SUPPLEMENT FOR LUTEZINE TO LUTE NEWS 157 (MAY 2026): CIACCONA AND PASSAGGLI FOR ARCHLUTE AND CHITARRONE

The Ciaccona was a popular dance in Spain in the late sixteenth century, probably originating in Spain's colonies in the Americas. Miguel Cervantes (1547-1616) and others described the *chacona* as a dance-song accompanied by guitars, tambourines and castanets, associated with servants, slaves and Amerindians that was condemned for suggestive movements and mocking texts.¹ The music for the ciaccona is often but not invariably on a ground of I-V-vi-V or I-V-vi-IV-V hovering ambiguously between two bars in compound triple time (2 × 3 minims) and four bars in simple triple time (4 × 3 crotchets) with multiple variations (fifty one for one of Piccinini's ciaccona).

The Passagagli[a] also originated in Spain, initially as *passacalle* that were short improvisations or ritornelli that guitarists played between the verses of songs. A *passacalle* as a ritornello preceding the Spanish air 'Yo soy la locura' by the French court composer Henri de Bailly (1590-1637) - not on the ground of the Folia as the title infers - from Bataille *Airs de differents auteurs livre V* (Paris 1614), f. 57v is illustrated on p. 2 here. The first references to *passacalles* appear in Spanish literature in about 1605 and their popularity spread to Italy and France. The simple 4-bar ritornello form of the *passacalle* used in songs developed into an instrumental genre comprising sets of ostinato variations on a four-bar ostinato of I-IV-V-I or an elaboration of it or sometimes a descending bass scale.² The *passacaglia* shared many features with the *chaconne* and the two were often reproduced adjacent, following the example of several *Passagagli* and *Ciaccone* together in Girolamo Frescobaldi *Toccate d'intavolatura di cimbalo et organo* (Rome 1627), pp. 70-84.

Music for ciaccona/*chaconne* and *passagagli*/ *passacaglia* is mainly found in Italian prints and manuscripts in alfabeto notation for strummed 5-course guitar - *La Ciaccona* in alfabeto guitar notation from Montesado *Nuove Inventioni d'Intavolatura* (Firenze 1606), p. 20 is illustrated on p. 2,³ and the few I know for guitar in regular tablature are included here (74-78). There are also a great many settings for baroque lute (D minor tuning) - not included here - as well as for instrumental ensemble from throughout the seventeenth century and later such as Andrea Falconieri *Il primo libro di canzone, sinfonie, fantasie, capricci, brandi, correnti, gagliarde, alemane, volte* (Naples 1650), pp. 6-7 *Ciaccona* and pp. 20-21 *Passacalle* as well as Arcangelo Corelli Op. 2 Sonata 12 (1685) *Ciaccona* XII ã3 - see lute settings of his music in the accompanying *Lute News* (LN157). Ciaccona and *passagagli* variations incorporate an astonishing freedom of figuration both within and between sources seen as a variety of rhythmic patterns, harmonies and tonalities/keys both major and minor occasionally lapsing into chromaticism and dissonance. However, the extensive literature on the origins and development of the ciaccona and *passagagli*,⁴ does not include a description of the lute sources.⁴

All the ciaccona and *passagagli* I know⁵ for archlute (41) or chitarrone/theorbo (37)⁶ are included here, none exact concordances and different sources providing a delightful variety of figuration around the same common framework. Archlute settings are grouped together followed by those for chitarrone, each arranged by tonality: F/f, C/c, G/g, D/d, A, a^b, B^b, E^b, plus a setting for mandola and five for 5-course guitar. All the expected variety of figuration is to be found in the lute settings, especially the rhythmic ambiguity and the often irregular barring that might belie the scribes' problems notating them. In fact many of the sources are corrupt or incomplete lacking rhythm signs and/or bar lines and so have required reconstruction to render them playable, more successful in some cases than others but amongst them are some that are extremely rewarding to play - extended archlute settings that and some of the chitarrone have glorious cross-string campanella effects - I will not give examples but leave you to find them for yourself.

All the settings here are anonymous except those in the prints of Piccinini⁷ (5) and Kapsberger (12) were presumably composed or arranged by them.⁸ Nos. 1 & 20 are from a manuscript thought to be copied in the hand of Lorenzo Allegri so it is possible that they are his arrangements - music ascribed to him was edited for *Lute News* and *Lutezine* 154. The ciaccona and *passagli* here are mostly found in Italian sources of the seventeenth century (date range 1607-c.1800) and are transcribed into French tablature here. The seven *passagagli* of Kapsberger are in different tonalities each preceded by a four bar statement of the melody in mensural notation and are followed by five ciaccona again in different tonalities each also preceded by a four bar statement of the melody in mensural notation and each followed by a variation and *entrata* - all notated as a continuum over five pages - but numbered separately and integrated into the sequence ordered by tonality here.

Nine items here are found in five of the recently discovered Albani manuscripts dated collectively 1580-1640 (cittern settings in I-Uu Albani 6-43, f. 3v *Ciaccona in due modi* and f. 7r *per ritornello sene la Ciaccon* are not included), facsimiles of which have been accessible on the websites of the University of Urbino (I-Uu) and/or the Biblioteca Oliveriani in Pesaro (I-PESo) but are held in the Archivio Albani at the Villa Imperiale in Pesaro (RISM siglum I-PESvi). The manuscripts have now all been systematically catalogued by Philippe Canguilhem and Ailin Arjmand at the Ricercar Data Lab at Tours University in partnership with the Biblioteca Oliveriani greatly simplifying navigation of this huge resource of Italian lute music.⁹

¹ Thomas Walker 'Ciaccona and Passacaglia: Remarks on Their Origin and Early History' *Journal of the American Musicological Society* 21 (1968) pp. 300-320; Richard Hudson 'Further Remarks on the Passacaglia and Ciaccona' *JAMS* 3 (1970), pp. 302-314; Richard Hudson *Passacaglia and Ciaccona: from Guitar Music to Italian Keyboard Variations in the 17th Century* (Ann Arbor 1981); Alexander Silbiger 'chaconne (French), ciaccona/ciaccona (Italy), chacona (Spain)' and 'passacaille (French), passacaglia (Italy), passacalle (Spain)' *Grove Music Online*.

² Also similar to the lute settings of ostinati on the folia and sarabanda in the supplement to *Lutezine* 156.

³ And see Andrea Falconieri *Libro Primo di Villanelle a 1, 2 & 3 voci con l'alfabeto per la chitarra spagnola* (Rome 1616), p. 25 *Aria sopra la Ciaccona - O Vezzosa dalla chioma d'oro* - Falconieri's lute music was in *Lute News* 154.

⁴ Although most of them are listed in contents of individual sources in Victor Coelho *The Manuscript Sources of Italian Lute Music in the seventeenth century* (Garland 1995) and Peter Steur's online database of Music for Lute Instruments: <https://mss.slweiss.de/index.php?id=0&type=index&lang=eng>

⁵ I was unable to obtain copies of two items: E-Szayas A-V-20 (early 17th-c) no. 3 *Ciaccona* in the private library of Rodrigo de Zayas in Seville, or I-MOs (Modena) A (1691), ff. 6r-7r untitled *Passagagli* - no. 54 here is the incipit only.

⁶ Both instruments are in renaissance tuning and most of the the sources for 14-course archlute use 7 or 10 courses and the rest can be played on lutes if you pencil in and play notes an octave above the diapasons. However, the up to 18-course chitarrone sources (mostly using only 10 or 11 courses) require an instrument with the first two courses down an octave - re-entrant tuning.

⁷ Since the tablature supplement on music by Piccinini in the last *Lute News* (LN156) including music ascribed only by the initials AP tentatively suggested to be Piccinini by Victor Coelho in *Manuscript Sources of Seventeenth Century Italian Lute*

Music (Garland 1995), p. 100, and the inclusion of some of them in Francesca Torelli's Piccinini CD (see fn 8), I read the transcript in the latest *Lute News* (LN157, pp. 11-16), of Anne Marie Dragosits' talk "Giovanni Girolamo Kapsberger (1579-1651) 'a very eminent, but rather extraordinary man'" at the November Lute Society meeting reporting Franco Pavan's identification of the AP in the manuscript Modena B with some certainty as Giacomo Antonio Pfender Todeschino, theorbist and step-brother of Giovanni Girolamo Kapsberger - so Pfender is therefore more likely to be the composer of items P13-22 in the supplement.

⁸ The Piccinini and Kapsberger settings have been recorded illustrating how to play them, including the following for Piccinini: Axel Wolf *Musik für Laute und Chitarrone von Alessandro Piccinini* (Chiaccona 2004); Francesca Torelli *Alessandro Piccinini* (2007) Mónica Pustilnik *Alessandro Piccinini Lute Music* (Accent ACC24193, 2014); Akiko Sato *Alessandro Piccinini Intavolatura di Liuto et di Chitarrone* (2023); and for Kapsberger: Konrad Junghänel *Italian Lute Music Kapsberger and Piccinini* (ACCENT ACC 8016 D, 1980); Rolf Lislevand *Johannes Hieronymus Kapsberger Libro Quarto di Chitarrone* (Astrée E8515, 1993); Matthew Wadsworth *14 Silver Strings* (Deux-Elles DXL 1044, 2003); Jakob Lindberg *Italian Virtuosi of the Chitarrone* (BIS CD-1899, 2012); Elizabeth Kenny *Ars Longa old and new music for the theorbo* (LINN Outhere CKD 603, 2019); Jonas Nordberg *Giovanni Girolamo Kapsberger Intavolatura di Chitarrone* (BIS 2417, 2019). Two ciaccona and a *passacagli* from the Doni manuscript (I-PEas w.s.) were also included on Sylvain Bergeron *Livre de Luth de Giuseppe Antonio Doni* (ATMA ACD2 2724, 2015).

⁹ Catalogue and facsimiles accessible online at: <https://ricercardatalab.cesr.univ-tours.fr/en/projects/18/>

Handwritten musical notation on a five-line staff, featuring various rhythmic values (semibreves, minims, crotchets, quavers) and rests. The notation is written in black ink on a white background. The staff is divided into measures by vertical bar lines. The notation includes a variety of note heads and stems, as well as rests of different durations. The overall style is that of a handwritten musical score.

46

First system of musical notation for the 'Fugue in G major, BWV 578' by Johann Sebastian Bach. The notation includes various intervals and accidentals, such as flats and naturals, indicating the pitch and rhythm of the melody.

52

Musical notation for the 'Credo' section of the Mass in D major, Op. 42, by Franz Schubert. The notation is for a four-part setting (Soprano, Alto, Tenor, Bass) and includes a piano introduction. The key signature is two sharps (F# and C#), and the time signature is common time (C). The notation is in a single system with a repeat sign at the end. The lyrics 'Credo in unum deum' are written below the staves.

Handwritten musical notation for a Ciaccona, consisting of six systems of staves and rhythmic patterns.

System 1: Rhythmic patterns above a 3-staff system. The notation includes notes (a, b, d) and rests. A large number '3' is written on the left. Bar numbers 1, 7, and 10 are indicated below the staves.

System 2: Rhythmic patterns above a 3-staff system. Bar numbers 7, 9, 8, 7, 10, 9, 8, 7 are indicated below the staves.

System 3: Rhythmic patterns above a 3-staff system. Bar number 14 is indicated below the staves.

System 4: Rhythmic patterns above a 3-staff system. Bar number 20 is indicated below the staves.

System 5: Rhythmic patterns above a 3-staff system. Bar number 24 is indicated below the staves.

System 6: Rhythmic patterns above a 3-staff system. Bar number 28 is indicated below the staves.

The notation includes various rhythmic symbols (vertical lines, flags, beams) and note values (a, b, d) written on the staves. The piece concludes with a final cadence symbol (a circle with a dot) at the end of the sixth system.

I-Rvat 4145, ff. 18v-19r

The musical score is written for a chitarrone, featuring a 3/4 time signature and a key signature of one flat (Bb). The notation includes a mix of rhythmic symbols (vertical strokes with flags, beams, and dots) and letter-based tablature (a, b, c, d, e, f, g, i, t). The score is organized into eight systems, each containing four bars. Bar numbers 7, 12, 17, 22, and 27 are marked at the beginning of the fifth, sixth, seventh, eighth, and ninth systems, respectively. The notation is dense, with many beamed notes and complex rhythmic patterns. The final system ends with a double bar line and a fermata over the last note.

The musical score is presented in six systems, each consisting of a line of tablature (letters) and a corresponding staff of music (notes and rests). The systems are numbered 3, 6, 12, 18, 24, and 30, indicating the starting measure of each system.

System 3: The tablature line shows a sequence of letters: H H T T H T H H T T. The staff notation is in 3/4 time, starting with a treble clef and a 3-measure rest. The notes are: a, b, a, t, a, b, a, c, a, b, a, a.

System 6: The tablature line shows: T H H H H T. The staff notation continues the melody with notes: a, b, a, c, a, b, a, c, a, b, a, a.

System 12: The tablature line shows: T T H T T H T T. The staff notation continues the melody with notes: a, b, a, c, a, b, a, c, a, b, a, a.

System 18: The tablature line shows: H H H H H T H T H H T H H H H. The staff notation continues the melody with notes: a, b, a, c, a, b, a, c, a, b, a, a.

System 24: The tablature line shows: T H H H H H H H H H T T T T T T. The staff notation continues the melody with notes: a, b, a, c, a, b, a, c, a, b, a, a.

System 30: The tablature line shows: T T T T T T H H H T H H T H H H H. The staff notation continues the melody with notes: a, b, a, c, a, b, a, c, a, b, a, a.

System 36: The tablature line shows: H H H H H H H H H T T. The staff notation continues the melody with notes: a, b, a, c, a, b, a, c, a, b, a, a.

Kapsberger 1640, p. 34

The musical score for 'The Rose Tree' is presented in two systems. The first system begins with a treble clef, a key signature of one flat (B-flat), and a 3/4 time signature. The melody is written on a single staff, and the accompaniment is written on a grand staff (treble and bass staves). The second system continues the melody and accompaniment. The score includes various musical notations such as notes, rests, and bar lines. The lyrics 'The Rose Tree' are written below the melody in the first system, and 'The Rose Tree' is written below the melody in the second system. The score is for a single voice and piano accompaniment.

77. Passagagli - guitar 5x4+1 bars

A-KR L 81, ff. 169r-169v

First system of musical notation for 'Passagagli'. It consists of a single staff with a treble clef and a 3/4 time signature. The notation is written in a shorthand style using letters (a, c, f, t) and rhythmic flags. The first measure is marked with a '3' and a 'c'. The system ends with a repeat sign.

1

Second system of musical notation for 'Passagagli'. It continues the single staff notation with letters and rhythmic flags. The system ends with a repeat sign.

8

Third system of musical notation for 'Passagagli'. It continues the single staff notation with letters and rhythmic flags. The system ends with a repeat sign.

14

78. Untitled - guitar 4x4 bars

A-KR L 81, ff. 169v-170r

First system of musical notation for 'Untitled'. It consists of a single staff with a treble clef and a 3/4 time signature. The notation is written in a shorthand style using letters (b, a, f, c) and rhythmic flags. The first measure is marked with a '3' and a 'c'. The system ends with a repeat sign.

1

Second system of musical notation for 'Untitled'. It continues the single staff notation with letters and rhythmic flags. The system ends with a repeat sign.

6

Third system of musical notation for 'Untitled'. It continues the single staff notation with letters and rhythmic flags. The system ends with a repeat sign.
